The Store That Has Come To Be Your Servant

---

## Our Store Policy:—

To carry at all times a stock of merchandise that meets the needs and requirements of this community.

To serve you in a manner that will assure you that it is from a desire rather than compulsion.

An efficient salesforce to help you whenever it is desired—a salesforce that study the wants of the people who look to us to supply them—a salesforce that know the merchandise they show you.

To assist in the upbuilding of Urbana and her interests. To be one of you and share our part of the expense of Urbana citizenship.

In plain words, to be your servant as a commercial institution—serving you in the best possible manner so that you will be a friend of the store, patronize us for things needed in our line—thereby assisting us in building a business that will be a credit to Urbana and the community.

---

## MAKE THIS STORE---YOUR STORE

Any suggestions for the betterment of our store and SERVICE will be appreciated—and heeded if at all possible.

# Don't Run Any Risks When You Wire Your Home

Q  
R

There may be men who wire houses cheaper than we do or quicker, but there isn't anyone who does a better job with less annoyance to the household.

And that's what counts.

We do quality work—nothing else. A house we wire is safe clear through. It has all those little conveniences that bring you added comfort through the years. The lights and switches are in the handy useful places because we work that way. What you are spending money for is good light and comfort—not wire.

I suggest this—if your house has not been wired or if it isn't just the way it can be done. We will tell you just what it will cost and we won't tease you to start now if you're not ready.

## ONCE WE PUT UP

one of our beautiful semi-indirect lighting fixtures in your home you would not be without it for many times its cost. Not alone will the light be better and softer, but the general tone of the room will be much finer. See our splendid collection and make a selection.

No line of Business has such an Universal Clientele as has the Directory, serving everyone profitably and impartially.

It answers the questions of What? Where? and Who? which arise daily. A Public Servant so long in such constant and general use as the Directory makes it **THE MOST DESIRABLE** advertising medium.

If **YOUR NEIGHBOR** is a **CHRONIC DIRECTORY** borrower, let us know and we will endeavor to relieve you of further annoyance.

## Street Directory

### 1919 and 1920

Neil Street is the dividing line for all streets running East and West.

University Avenue divides the streets running north and south.

Numbered streets (1st, 2nd, 3rd, 4th, 5th and 6th) are shown in numerical order after Wright St.

Even numbers are on the North side of all East and West Streets (except Main St. which has the even numbers on the South side), and the East side of North and South streets.

Intersecting streets are shown in light capitals. \*After a name indicates ownership of the property.
